# J. ELLEN FOSTER HERE.

SHE MAKES AN ADDRESS BEFORE THE WOMEN'S REPUBLICAN CLUB.

THE SUBJECT OF RELIEF FOR CUBA STRONGLY PRESENTED-MRS. FOSTER MADE ADVO-

CATE-GENERAL OF THE CAUSE. The West End Women's Republican Club had an interesting meeting yesterday afternoon at the in the Endicott, No. 201 West Eighty-second-st. Mrs. J. Ellen Foster was the speaker of the occasion, and a full attendance had turned out to hear her. Mrs. Clarence Burns presided and presented Mrs. Foster, who, after congratulating the women of the club on the present Administration, for which they worked so faithfully and enthusiastically, presented the subject of relief for Cuba club's consideration.

"In Washington last Saturday," said Mrs. Foster, "there was organized what is called the National Relief Association for Cuba in Ald of the American Red Cross. Mrs. Senator Burrows, of Michigan, is the president, and Mrs. Senator Morgan, of Alabama; Mrs. Senator Lindsey, of Kentucky; Mrs. John A. Logan, Mrs. Senator Cullom Mrs. Senator Fry, Mrs. Senator Gallinger, Mrs. John Sherman, Mrs. Senator Thurston and other leading women of the capital are callsted as mem-bers. Our object is the relief of suffering Cuba. now writhing under the lash of Spain.

Three months ago, through the Spanish Minister at Washington, Miss Clara Barton received permis sion from the Queen of Spain to go to Cuba to help the wounded Cuban soldiery. Only one thing is keeping Miss Barton in this country while so much suffering calls her to another—the lack of money. The new organization has appointed me the advocate-general of the cause, and for the next raising monen to send Miss Barton and her corps of Red Cross physicians and nurses to Cuba.

"We want \$50,000, for hospital supplies, medicines, food and clothing must go when Miss Barton goes. would be fine, and \$10-well, \$10 would be \$10."

Mrs. Foster said much more in her earnest and eloquent appeal, and after a short and animated discussion among the members \$50 was voted to the Cuban relief fund amid applause and remarks

the Cuban relief fund amid applause and remarks from a number of members, among whom were Mrs. St. John Gaffney, Mrs. May Banks Stacey and Mrs. Cornelia S. Robinson. A number of guests were present, and Mrs. Burns called on them for expressions about Cuba.

Mrs. Anna Randall Diehl read a short poem on Cuba in response, and interesting remarks were made by Mrs. May Banks Stacey, Miss Helen Varick Boswell, Mrs. Frances Parker, president of the Harlem Women's Republican Club; Mrs. Swinney, president of the Cheisea Republican Club; Mrs. Swinney, president of the Cheisea Republican Club; Mrs. Andrew Perry, of the Brooklyn Women's Health Protective Association; Mrs. Kate Bostwick. Of the Brooklyn Woman's Republican League, and others.

The Brooklyn guests said that Brooklyn would gladly contribute to Mrs. Foster's relief fund, and great enthusiasm and sympathy was evidenced in the movement.

Twelfth Ward Fank building, Lexington-ave, and One-hundred-and-twenty-fifth-st.

Mrs. Foster will be in New-York a week or ten days, and is visiting her son at No. 312 West One-hundred-and-twelfth-st. She will end her tour through the States in behalf of Cuba in time for the fall campaign work.

Among those present yesterday were Mrs. Chafles Winslow, Mrs. Andrew Perry, Mrs. George Green, Mrs. Alfred C. Parker, Dr. Charlotte Woolley, Mrs. Marshall, Mrs. Jane Pierce, Mrs. W. Jebb, Mrs. J. E. Murray, Mrs. William G. Trafton, Mrs. George Eugene Poole, Mrs. Emory Foster, Mrs. Crapo and Sarah Keeler, Mrs. Burns announced that the Bushers Women's Club would have a lawn party at Bronx Park on next Saturday, June 28.

ALL ABOUT THE UMBRELLA

An umbrella is certainly an article that should be purchased for its enduring qualities. It is something, however, which every refined weman wishes to have as nice as her purse will buy. Anything but a good silk covering or a covering of silk with a wool warp is not to be thought of, because it is not suitable for the purpose. An umbrella of slik and wool is a cheap, strong article that has taken the place of the old-time alpaca umbrella. It is th best umbrella to buy for school children. Probably the twenty-four-inch size is more often sold than any other size in this make, because of this demand. This is the size usually chosen for school children's use. Mounted on a simple natural handle, a silk and wool umbrella is a good and durable one, and it is not expensive. The addition of a plate with the owner's name engraved in tiny letters should not add over 20 cents to the cost of the umbrella, and will be useful in identifying it at

In the selection of a silk umbrella only one of the strongest and best silk is a profitable investment. The use of the filmslest silks once brought American umbreilas into disfavor, and the wise purchaser then insisted upon an English umbrella. This is not now the case. An umbrella which rivals the best product of British manufacture is now made in this country. The best silk for an umbrella is one of even warp and woof without a twill. The twill in silk does not make it more durable but is a slight strain on that pertion of the weave strain on all parts. An invisible green or dark cause it cannot grow rusty, as a dead black is likely to do. Fancy silver handles have been so much used on cheap, showy umbrellas that fastill ous people frequently prefer an umbrella handle of fine natural wood, simply banded with silver and engraved in small script round the band with the owner's name. Some of the guarded pieces of wood greath by those who make a business of growing the will be elected and routine business accomplished.

umbrella handles in eccentric shapes are exceedingly picturesque, and bring a special price because of their quaintness. The common grapevine allows

itself to be knotted into very picturesque forms. One of the most durable woods for a woman's umbrella is the wood of the Bavarian weichsel. The wood of this tree has a delicate fragrance after it is cured, similar to that of violets.

grance after it is cured, similar to that of violets.
Our common cherry possesses this fragrance, but not in so marked a degree as this German forest wood, and it soon loses it, while genuine welchesi wood retains its fragrance.

There are few people who understand how to take care of an umbrella. It should never be allowed to stand on its tip to drip dry, but the umbrella should be placed on its handle and allowed to drip from the cover. It will then dry received:

allowed to drip from the cover. It will then dry rapidly.

It is a great mistake to use the same umbreila for sun and rain. The exposure of the silk, shrunken by rain, to the heat makes it crack, and it soon wears out. When not in use it looks neater to carry an umbrella in as close and compact a roll as possible, but it should be loosened as soon as it is brought into the house; put it away without rolling it un. The case of an umbrella protects it in the store from rubbing against others; it is of no further use, as it is proved that an umbrella kept in a case wears out much faster than one put away without it, and also without being rolled.

A Subscriber: The proper place to send the clothing of a consumptive to be disinfected is the ovens of the Board of Health, where the work is done by heat. If "A Subscriber" is a resident of New-York City, there will be no trouble in getting this done after simply making application. If not, we think she can obtain the information from some of the circulars sent out by the Board. Apply, inclosing stamp for enswer, at the office of the Board of Health, New-York City.

Communications have been received from William . Houghton, Louise C. Norton, Mrs. C. M. Ferry, 'A Shut-In," Peekskill, N. Y.; Caroline Sinclain Woodward and Jennie E. Powell. Mrs. Woodward's box of beautiful pink laurel came safely and will be sent to invalid shut-ins, who will enjoy their loveliness. Will not Mrs. Woodward send a twocent stamp so that a T. S. S. pin can be mailed to

A box of beautiful geraniums and sweet peas came to the T. S. S. without a card. Will the member please send full name? M. H. J., of Flushing, and Miss S. M. C. also sent boxes of lovely flowers, and Mrs. T. S. P. sent a box of "sunshine" in the shape of pretty gifts for members. The President-General is grateful for these generous donations, and has distributed the flowers and articles among different personal thanks.

T. S. S. members, who, no doubt, will send their 'A Shut-in" from Peekskill wishes to know if M. H. W., who gave the pattern for making violets, will send pattern for chrysanthemums?

The President-General requests "Shut-in" to send full name and address. Mrs. C. M. Ferris's mottoes are all good, and will be kept for comparison with other mottoes as they are sent in from time to time. Miss Powell's poem has been filed for future ref-

The following poem is contributed by F. W. P., of New-Haven, with a wish that it may comfort others as it has comforted her. Any one knowing the author of this poem will please send word to the President-General:

THE END OF THE WAY.

My life is a wearisome journey.
I'm sick with the dust and the heat;
The rays of the sun beat upon me,
The briars are wounding my feet;
But the city to which I am going
Will more than my trials repay,
And the toils of the road will seem nothing
When I get to the end of the way.

There are many hills to climb upward, I often am longing for rest; But He who appoints me my pathway Knows just what is needful and best. I know in His Word He has promised That my strength shall be as my day, and the toils of the read will seem nothing When I get to the end of the way.

He loves me too well to forsake me or give me one trial to norse me or give me one trial too much; All His people have been dearly purchased, And Satan can never claim such. By and by I shall see Him and praise Him In the city of unending day, And the toils of the road will seem nothing When I get to the end of the way.

When the last feeble step has been taken And the gates of the city appear, And the beautiful songs of the angels Float out on my listening ear—When all that now seems so mysterious Will be plain and clear as the day, And the toils of the road will seem nothing When I get to the end of the way.

Tho' now I am footsore and weary, I shall rest when I'm safely at home. I know I'll receive a glad welcome. For the Saviour Himself has said "Come!" So, when I am weary in body And sinking in spirit, I say All the toils of the road will seem nothing When I get to the end of the way.

Cooling fountains are there for the thirsty;
There are cordials for those who are faint;
There are robes that are whiter and purer
Than any that fancy can paint.
Then I try to press hopefully onward,
Thinking often thro each weary day,
The tolls of the road will seem nothing
When I get to the end of the way.

TO CARRY ON MISS TICKNOR'S WORK.

AN ASSOCIATION FOR HELPING WOMEN TO A HIGHER EDUCATION.

Boston, June 18 .- An organziation having for its object the assistance of women to a higher education through giving access to a circulating library at minimum cost and through the distribution of reading lists and suggestions for study has been formed at Trinity Court, in this city, under the name of the Anna Ticknor Library Association. Plans are being perfected whereby the work of the association, which, in reality, will be only a continuation of that begun by Miss Anna Ellot Ticknor, of Boston, twenty-four years ago, in connection with the Society to Encourage Studies at Home, will be carried on. Miss Ticknor's recent death rendered such action advisable, in the opin-ion of those interested in the perpetuation of the movement, through which thousands have been assisted to wider fields of knowledge. The head-quarters of the new association will be at Trinity Court, in this city, and the organization will open its doors on September 1.

THE OLD LADIES' ANNUAL HOLIDAY.

The old women of the Baptist Home, at Seven-teenth and Norris sts., Philadelphia, have celebrated their great annual holiday, known as Huber Day, because it was instituted eight years ago by John Y. Huber. They had a day's outing in Fremont Park, with funcheen and dinner at the Belmont mansion. None of the women are younger than seventy years, and one is proud to say that she is ninety-seven.

NO BULLETIN DURING THE SUMMER. The office of publication of "The National Bulletin," the official organ of the National American Woman Suffrage Association, has been moved from Philadelphia to the National headquarters, No. 197 World Building. There will be no issue of the publication during July and August.

A BRIGHT EAST ORANGE GIRL The prize of \$200 offered by the Vassar Students Aid Society of the Oranges for the young woman passing the highest average in the entrance examinations for Vassar has been won by Miss Bessie Kutcher, of North Park-st., East Orange. Miss Kutcher will graduate this year from the East Orange High School.

# COMMENTS BY THE WAY.

"The Boston Evening Record" tells the story of a Boston man who is about to secure a divorce from his newly wedded wife because the long and luxuriant tresses that he fondly imagined grew on her head have turned out to be a "switch," bought at a hairdresser's. Oh, dear! Oh, dear!

The words "awful" and "awfully" are regarded by "The Brooklyn Standard-Union" as the pet "swear words" of women. Men use more vigorous and violent expletives. Both sexes employ these "swear words" in perfect good nature and candor, and their constant use may be attributed to thoughtlessness and spontaneity rather than to any inherent desire to be wicked.

It is really one's duty to cultivate cheerfulness. The world is full of heartaches, so full it is not right to add another by telling every one of yours. None of us are so fortunate as to be free from sorrow of one kind or another, but it is wisest, kindest and best not to burden other hearts with it. Smile, and hold out a warm, steady hand to those less strong than yourself. Say only kind and gentle words, and do only those acts that will help those about you. It is a coward who says evil and unkind words behind one's back.

Chicago's up-to-date young women are deep in the new "color, tone and word" philosophy which is now sweeping over the Windy City. The "new" philosophy is as old as the hills-most new fads systematically, and one enthusiastic Chicago woman is preparing to deliver "color and word lectures" to some of the clubs of working girls in that city. Years ago, Mrs. A. D. T. Whitney partly outlined this interesting theory, which, it is claimed, is a means of high culture for the physical, mental and moral natures. It is claimed that every person in the world has a word, tone or color to which he or she vibrates in unison. This key-note of color or tone must be discovered in order hat the threefold nature may secure its highest happiness, health and success in life.

A foremost teacher of this color cult says: "Meditation and concentration upon the right word are absolutely essential, and the wearing of the proper color will materially assist in those proc-The correct musical tone, if discovered, will also help one to meditate or grow calm, and the physical health grows steadily better under

the physical health grows steadily better under these conditions. Wonders can be done in this way if perseverance is used."

Heds, orange and the deep, rich yellow tones are salt to represent the physical, and the too imaginary or intellectual woman should wear them in order to balance matters, as it were. Lavenders, soft purples and pale, pure greens are declared to be spiritual, while the richer green tones are described as representing the normal and middle range of nature and are good for every one to wear. The deeper shades of blue are also normal colors. If you are timid and cowardly, you should wear a brilliant, decided color, and adopt a cheerful, wholesome tone. If you are bold and pugnacious, wear a pale, pure, spiritual color, and adopt a tone that one detects in the voice when it vibrates to the emotion of love. Every color has seven distinct shades, and some natures, being complex, need to wear a combination of similar tones. Some natures are broad and comprehensive, and are best heavest a referential to the adoption of contrast.

### AN ARTIST DIES SUDDENLY.

Miss Alice Chesbro, forty years old, who, with mother artist, Miss Rachel McCauley, lived at No. 325 West Fifty-sixth-st., died suddenly yesterday morning at the home of Miss Lavina Lord, at No. 249 West Forty-eighth-st. Miss Chesbro went to Miss Lord's on a visit on Thursday night, and was prevailed upon to spend the night there. Early in the morning she became seriously ill. Rheumatism of the heart is said to have been the cause of death. Miss Chesbro came from St. Louis, where she has relatives.

NO FLOWER-POTS ON FIRE-ESCAPES, Police Captain Schmittberger, who was recently transferred to the West Forty-seventh-st. station, transferred to the West Forty-seventh-st. station, took one man and eleven women to the Yorkville Police Court yesterday for having their fire-escapes obstructed with Iceboxes, washtubs, flower-pots and other articles. Ten of the people arraigned live in West Forty-second-st. Policeman John N. Leidner, of Captain Sc. miltiberger's command, explained to Magistrate Wentworth what articles he had found on the fire-escapes. The Magistrate told the defendants that he could hold them for trial in \$1,000 ball, but he would fine them each \$1 instead. The fines were paid.

NO REDUCTION IN ICE PRICES. A rumor was circulated yesterday that the price of ice was to be reduced from 40 to 30 cents a hunof ice was to be required from so to so cents a num-dred pounds by the Consolidated Ice Company is order to freeze out smaller concerns. Henry W Poor, a director of the company and senior mem-ber of the firm of Poor & Greenough, said to a Tribune reporter last evening when asked about

There is no truth in it. The price of ice is 40 cents, and there it will remain as far as the Consolidated Ice Company is concerned. We did issue coupon books to large buyers which gave them a slight reduction, but nothing like 19 cents. We could never sell ice at 39 cents. I do not understand how this rumor started."

A VACATION HOUSE TO OPEN.

ANOTHER LONG ISLAND "REST" READY FOR OCCUPANCY.

The Girls' Friendly Society Vacation Hou the Diocese of New-York, at Cold Spring Herbor, Long Island, will be opened for the season to-day if there are as many as six members ready to go. The probabilities are that there will be many more. This society is one of the many organizations which are carried on for the assistance of working girls in their effort for self-advancement. It is not

limited, by any means, to girls of the slums, but as it is a church organization the members of the dif-ferent branches vary in degree as much as the churches with which these several branches are connected.

It is directly connected with the Episcopal Church, but all girls of any creed or of none are eligible, and nearly all denominations, even Roman Catholic and Hebrew, are represented. One of the best features of the society is that &

forms a sort of link between different cities wherever there is a branch. Whenever a member goes to a strange city she is met by those in charge of the society there, who assist her in finding board and work. In this respect its work is similar to that of the Young Women's Christian Association. Probably the most interesting branch in New-York is that of the Pro-Cathedral Parish, which meets every Monday evening at the Deaconess's House, No. 153 Essex-st. This is one of the most crowded slum quarters of the city, where repre-sentatives of every nation and of every grade of poverty and degradation are huddled together in the crowded tenement-houses or swarm on the

streets. On the whole the girls are a much better looking

On the whole the girls are a much better looking set than might be expected from the surroundings, for most of them either live in that district now or have lived there in the past.

"Are most of them serious girls?" laughingly exclaimed Deaconess Brown, who has charge, she seemed to consider the question rather a good joke. "Oh, no; we have frivolous girls and wild girls and boisterous girls. But what could you expect? They are nearly all working girls, and after a hard day's work they want to enjoy themselves in their own way. They want some social life, and we find them giddy enough, but never bad girls."

During the winter some of their meetings are devoted to sewing and sometimes there are talks by different interested workers. However, during the summer months the meetings continue as usual, but are social.

The girls have been working hard for their fair which is to be held at the Vacation House in July, for the purpose of raising funds to assist in buying a house. At present the house is rented, but they hope soon to own their summer home.

The Vacation House is in charge of the House Mether, Miss Jordan. The other members of the committee are R. M. Helser, chairman; S. Humbert, C. E. Marshall, E. M. Miner, A. D. Abbatt and E. H. Wisner, treasurer.

THE TRIBUNE PATTERN.

A TISSUE-PAPER PATTERN FOR CORSET COVERS, NO. 7,094, FOR COUPON AND 10 CENTS.

White nainsook, cambric and long cloth are the materials most used for the corset covers of daily wear, but the pattern here shown can also be made from lawn in either white or colored, or from any of the popular tinted linings used under transparent stuffs. Two fronts are provided, thus allowing for both slight and full figures, and directions are given for both the short puffed sleeves and simple frill finish. No. 1 fits readily to the figure, and has only &

slight fulness adjusted at the waist line. bands of needlework insertion are applied to each The closing is effected by buttonholes worked through a centre box-pleat and buttons sewed to the hem on the left side. It is fitted by shoulder seams and under-arm gores, and is fin-

ished with frills at the neck and armholes. A drawing-string run in at the waist line serves to keep it trimly in place, the extra length being worn under the petticoat.

No. 2 is especially designed for slight figures, and can be made either with or without the puffed sleeves. The fronts are laid in a series of fine pleats running from the bust down, which serves the double purpose of insuring a perfect fit and giving fulness over the bust. It also has underarm gores and a drawing-string at the waist line and can be finished with deep frills of either lace or embroidery. The back, in both instances, is made after the seamless model, its slight fulness being drawn in at the welst
